

Technical Data Sheet

Tamper-Indicating Label is designed to provide a “void” message in the facestock when removal is attempted.

Construction

Facestock	50 micron polyester film
Adhesive	25 micron acrylic adhesive
Liner	Glassine liner

Application

- Non-transferable labels for automotive, appliance and electronics industries.
 - Tamper-indicating labels and seals for over-the-counter drugs and other packaging applications.
-

Features

- The compact format of the “void” message permits manufacture of small labels
- Adhesive provides high bond to most surfaces.
- Durable polyester facestock withstands harsh environments.

Thermal Transfer Ribbon AXR 7+ 、 T121

Service Temperature Range: -40° C — 120° C

Storage Stability One years stored at 70°F (21°C) and 50% RH
